# Space in Schools: Careering into Space

The University of Central Lancashire and STEMFirst, invite you to take part in this **FREE** CPD programme. Explore teaching the KS2 Earth and Space topic through a cross-curricular approach using dance, real-world career links and STEM ambassador visits.

Funded by the UK Space Agency, this **FREE** scheme is designed for upper KS2 primary teachers.

This program will help teachers enthuse and inspire their pupils.

Teachers will get:

- Three CPD workshops
- Our Times Higher Award winning 'Into Our Skies: Space in Schools' scheme of work.
- Career-focused resources
- Visits from STEM ambassadors working in the space industry.

## Discovering the curriculum through dance (online)

- Wednesday 13 November, 4.15-5.15pm

## Exploring STEAM-in-Space classroom activities, careers and beyond (online)

- Wednesday 6 November, 4-5pm

## Exploring Into Our Skies: Space in Schools (in person)

- Tuesday 26 November, 3-5pm (Blackpool)
- Tuesday 3 December, 3-5pm (Location TBC)

Scan to register for the project by 1 November or register here: <https://shorturl.at/ZJuLe>
