

# SHOOTING THE COSMOS

## LEARN ASTROPHOTOGRAPHY

### Interested in Astronomy?

...then join us at Alston Observatory for three taught sessions and the opportunity to observe over a three-month period. You can learn about the science behind astronomical images and gain experience taking your own using the Moses Holden Telescope (MHT) at Alston. You'll also process, stack and clean the images.

---

**24 JANUARY, 21 FEBRUARY  
AND 20 MARCH 2020  
AT THE ALSTON OBSERVATORY**

---
